

A Sunset Stroll to the Sultans Palace in Diabat

2H30

We meet about 2 hours before sunset and this one hour ramble through the dunes and along the riverbed of Oued Ksob will allow you to encounter much of the richness in the natural environment around Essaouira.

You discover a former Sultan's palace which has surrendered to the sand over time and now sits in the midst of wild nature. Dating back to the foundation of Essaouira in the 18th century, this huge sanded palace invites you to dream of times gone by.

We finish in Diabat whilst sipping tea and watching the Sunset over the Mogador islands...
