

Ornithology: BirdWatching

Half
day

Bird watching is done using a pair of binoculars for each participant, a determination book and a camera allowing you to identify the species observed. You will be supervised by a guide knowing the birds and able to initiate you to the observation.

•**Locations** : we offer three sites close to Essaouira, with a maximum of 15 minutes by car.

•**Period** : all-year round

•**Public** : Any adult public interested in nature, for children, no minimum age but you must be able to remain quiet for one to two hours (recommended from 8 to 10 years old). Maximum of 4 people per group.

•**Times and duration** : 3 hours of observation, rather in the morning but possible in the evening, variable depending on the time of year.

No physical effort,
discovery of birds
of great diversity.
